REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicants' arguments under the heading "Remarks", pages 27-30, filed on 5/26/05 have been carefully evaluated and are persuasive. The examiner agrees that the prior art publication date is about January 23, 2002, vice versa the effective filing date of the instant application, i.e., September 26, 2000. Therefore, the prior art reference is not qualified as prior art with regard to the effective filing date of the instant application.

Further, the prior art taken as a whole fails to teach or suggest "a method for generating component mounting data " as recited in each of the independent claims 28, 44, 57, 58 and 71 of the instant's application (see step (e) of each above claims).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Trinh whose telephone number is (571) 272-4569. The examiner can normally be reached on Monday -Thursday 8:00 am to 4:30 pm.
